PROFESSIONAL EXPERIENCE

Associate Member of Technical Staff **Oct 2026 - Present**

GyanMirai Technologies | Surat, Gujarat, India | **On-Site**

- Contribute to the design, development, and maintenance of software applications as part of the technical team.
- Apply full-stack development skills in JavaScript, TypeScript, React, Node.js, and databases to deliver features and fixes.

Full Stack Developer Intern **July 2026 - Oct 2026**

Infotact Solutions | Bengaluru, Karnataka, India | **Remote**

- Developed FleetDash (fleet management) and LedgerGuard (multi-tenant billing and ledger management), full-stack applications built with React, Node.js, Express.js, TypeScript, and MongoDB.
- Built responsive React interfaces and RESTful APIs, with JWT-based authentication, role-based access control, and tenant-isolated data handling for secure multi-tenant access.
- Engineered LedgerGuard billing and ledger workflows using Redis-based locking, duplicate-event prevention, and MongoDB transactions to improve data consistency and reliability.
- Managed development with Git and GitHub using a milestone-based workflow covering implementation, testing, security reviews, and documentation.

Web Development Intern **Jun 2026**

Syntecxhub | Kanpur Nagar, Uttar Pradesh, India | **Remote**

- Developed multiple full-stack web applications using the MERN stack, including Notes, User Management, Employee Management, and Real-Time Chat application.
- Built RESTful APIs with Node.js, Express.js, and MongoDB, implementing complete CRUD operations with Mongoose.
- Implemented real-time messaging using Socket.IO and managed chat history persistence in MongoDB while following a structured project workflow with Git and GitHub

Full Stack Developer Intern **Jan 2026 - Apr 2026**

Bhaskaracharya National Institute for Space Applications & Geo-Informatics (BISAG - N) | Gandhinagar, Gujarat, India | **On-Site**

- Developed a GIS-based web platform for urban planning to support business related queries using React (Vite) and FastAPI.
- Implemented Role-Based Access Control (RBAC) for Admin, Business Owner, and Public users.
- Designed RESTful APIs and integrated PostgreSQL with PostGIS for geospatial data.
- Built a JWT-based authentication system to secure user login and API access.
- Integrated an AI chatbot to analyze geographic data and generate reports for user queries.

Web Developer Intern **Jul 2025**

FutureWay Institute of Multimedia | Surat, Gujarat, India | **On-Site**

- Built a role-based access control system in Laravel 12 supporting four distinct user types.
- Used the Spatie package for authentication and permission-based authorization.
- Wrote controllers and handled MySQL CRUD operations to manage data flow and backend logic.
- Debugged and resolved real-world application bugs.

PROJECTS

Web Based Quiz Management & Online Assessment Platform | PostgreSQL, Express.js, React.js, Node.js, Prisma ORM, Tailwind CSS | GitHub: SahilKayasth-16/Web-Quiz-Management-Online-Assessment-Platform

- Developed a full-stack online assessment platform with secure JWT authentication, Admin/Student role-based authorization, quiz and question management, timed assessments, and dedicated dashboards.
- Implemented server-side scoring, automated submission, detailed result reviews, attempt history, leaderboards, and performance analytics using PostgreSQL and Prisma ORM, ensuring reliable assessment tracking and data integrity.

AI Code Review Assistant | PostgreSQL, Express.js, React.js, Node.js, Prisma ORM, Groq AI | client

- Developed a full-stack AI-powered code review platform with secure JWT authentication, code editor, file upload, review history, and an interactive dashboard.
- Integrated Groq AI for automated code analysis and PostgreSQL using Prisma ORM for persistent review storage, enabling users to review, manage, and revisit their code feedback.

Resto Pro | MERN Stack, Socket.io | Restaurant Pro | Smart Dining

- Built a full-stack restaurant management system with Admin & Kitchen dashboards and role-based access using JWT authentication.
- Implemented real-time order tracking using Socket.IO for instant updates between interfaces.
- Designed and deployed REST APIs (menu, orders, payments) on Vercel + Render, resolving production issues like CORS and auth failures.

Fitness Trainer Portfolio | MERN Stack | TP Nutrition

- Built a full-stack portfolio featuring an automated email notification system for consultation forms.
- Developed an Admin-only Transformation page to manage and update client testimonials.

EDUCATION

- **Bachelors of Engineering in Computer Science |** S. N. Patel Institute of Technology (Gujarat Technological University), Bardoli, Surat | **CGPA: 8.23**
- **Higher Secondary Certificate |** SBR Science School, Bardoli, Surat | **Percentile: 76.37**
- **Secondary School Certificate |** The Kadod English Medium School, Bardoli, Surat | **Percentile: 98.32**
